Program Overview:

One Size Does Not Fit All: Improving Patient Care in IBS-C will provide education focused on advances in the management of IBS-C, understanding of the mechanism of disease, and impact of quality of life for people living with IBS-C.

Target Audience:

This activity has been designed to meet the educational needs of gastroenterologists involved in the care of patients with IBS-C.

Agenda Overview:

- Welcome and Introductions
- Making a Positive Diagnosis of IBS-C
- Managing IBS-C: One Size Does Not Fit All
- Building Team-Based Care of IBS-C Care with APPs
- Panel Discussion and Closing Remarks

Educational Objectives:

Upon completion of this activity, participants should be able to:

- Describe the burden of IBS-C on patients and the healthcare system
- Incorporate current symptom-based criteria to make a positive and timely diagnosis of IBS-C
- Summarize the mechanisms and evidence base for available IBS-C therapies
- Incorporate team-based care to design treatment regimens for individual patients with IBS-C

Accreditation:

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Medical Education Resources (MER) and the Gi Health Foundation (GiHF). MER is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician Credit:

Medical Education Resources designates this live activity for a maximum of **1.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Relevant Financial Relationships:

Medical Education Resources ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies relevant financial relationships with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Reported relevant financial relationships are mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing learners with high-quality CE activities that promote improvements or quality in health care and not the business interest of an ineligible company.

MER and GiHF planners have no relevant financial relationships to disclose.

Jointly provided by the Medical Education Resources and the Gi Health Foundation.
Supported by an educational grant from Ardelyx, Inc.

This program is not affiliated with Digestive Disease Week®.

Disclaimer:
